

The Bernard Becker Medical Library

in collaboration with

Center for History Of Medicine

presents the

30th *Historia Medica*

***“ Biomedical Information:
Past, Present, and Future ”***

Presented by Mark E. Frisse, MD, MSc, MBA

4:30 pm. Thursday, April 18, 2013

King Center, 7th Floor, Bernard Becker Medical Library

Refreshments will follow the lecture

Dr. Frisse, formerly a Professor of Medicine and Director of the Bernard Becker Medical Library, is now the Accenture Professor of Biomedical Informatics at the Vanderbilt University School of Medicine and Professor of Management at the Vanderbilt Owen Graduate School of Management. His work focuses on the intersection between health care informatics, economics, policy, and health care transformation. Dr. Frisse is a board certified internist trained in hematology-oncology. He was trained at the University of Notre Dame (BS), Washington University (MD, MBA), and Stanford University (MSc, Medical Information Science).
