

The Bernard Becker Medical Library

in collaboration with the

Center for History Of Medicine

presents the

34th *Historia Medica*

4:30 pm Thursday, November 21, 2013

Moore Auditorium, North Building- 1st floor

“Unraveling the Mysteries of

Human Sexuality:

The Masters and Johnson Story”

by Dr. Robert C. Kolodny

Reviewing the backstory of the early years of the Masters and Johnson research in the Department of Obstetrics and Gynecology at Washington University School of Medicine and an overview of the next two decades of their work, including observations on many of the challenges they faced and their reception by the broad scientific and medical community.

Robert C. Kolodny, MD
Medical Director and
Chairman of the Board of the
Behavioral Medicine Institute
in Norwalk, CT
